CampusDocs Announces Partnership with Fujitsu to Bring Affordable Solutions to Higher Education

CampusDocs joins the Fujitsu One Capture Alliance ISV Program

HONOLULU, HAWAII – August 31, 2008 – CampusDocs, the emerging leader in secure, on-demand document management solutions, announced today it has joined the Fujitsu Computer Products of America, Inc's One Capture Alliance ISV Program. The program bridges together VARs, ISVs and Service Bureaus to help increase awareness and synergy between Fujitsu and its vast network of partners. In addition to the new OCA partnership, CampusDocs was also recognized as the Fujitsu ISV of the month.

"Fujitsu is pleased to welcome CampusDocs to the One Capture Alliance Program," said Doug Rudolph, vice president of product management and business development, Fujitsu Computer Products of America. "We look forward to working together to help bring innovative and affordable solutions to the higher education marketplace."

The Fujitsu ISV of the Month award recognizes independent software and hardware vendors' who make significant contributions to content management solutions and help streamline business processes to positively impact their customers' bottom lines.

"As CampusDocs continues to grow, partnerships with industry leaders like Fujitsu play a critical role in increasing awareness of the company's initiatives and new offerings," said Kevin Awaya, president of CampusDocs. "Our hosted solution combined with Fujitsu imaging solutions creates real value in the higher education market and we look forward to continuously growing our reach in higher education."

About CampusDocs

CampusDocs offers universities and colleges a web-based, on-demand document management solution designed to specifically address the needs of higher education. CampusDocs offers this solution with a unique pricing model that provides an affordable alternative to purchasing expensive, in-house software solutions. CampusDocs' on-demand solution features a rich set of functionality that enables educational institutions to automate key document processes, streamline the archival and retrieval of files and provides a broad range of information capture and integration options for the small department to entire campuses. CampusDocs provides its solution on a secure, enterprise-class infrastructure with multiple high performance, data centers located throughout the continental US.

Customers ranging from the University of Hawaii and California State University Los Angeles on the West Coast to Marywood University and Harvard School of Law on the East Coast, have joined the movement to on-demand document imaging and management solutions.
